How Long Can a Short Term Medical Plan Cover Me?

The Length of Coverage. Current federal regulations limit short term medical plans to 90 days under one certificate of insurance. However, Pivot Health offers you the convenient opportunity to apply for up to four back-to-back certificates at one time. You do not have to qualify again for the three additional certificates, and you can cancel at any time.

How It Works. If you decide to enroll in back-to-back coverage terms, a new certificate of additional coverage will follow each 90-day coverage period. Each certificate will have an effective date that starts the day after your previous coverage expires.

Shortly before the expiration of coverage of your active coverage, you will be notified of a new coverage ID card in your online member portal which you can print and use for the following period.

The Advantage of Back-to-Back Policies. While your deductible and any out-of-pocket responsibilities start over with each subsequent coverage certificate, any medical conditions that arise and that were covered by your initial Pivot Health plan will be covered under your subsequent new certificates, subject to plan limitations. There are no medical questions to qualify or new waiting periods after your initial enrollment.

Need. Life can throw you curveballs, from sudden job loss to a reduction in health insurance benefits. But unexpected sickness and injury don't hold off while you are uninsured.

Options. Short term medical provides a limited duration medical insurance solution until a qualified major medical health plan is chosen, helping reduce your financial risk. It allows you to **pivot** to meet your life's needs.

Features. Short term medical has many features you expect and more! It includes hospitalization and professional health services after deductibles, copays, and coinsurance. You can enroll for as little as 1 month, and your benefit coverage can pay up to \$1,000,000 during the covered time period. There are no doctor or hospital network restrictions, so you have the freedom to choose where to receive care.

1

Provide the **birthdate and gender** for each person you wish to insure.

2

Pick your payment option. You can select a **monthly** option or save money and select pre-pay for the entire length of your coverage.

3

Select your **start date**. In many cases you can get coverage within 24 hours or you can plan ahead and select your coverage start date in the future. However, if you choose a later effective date it must not exceed 30 days from the date of application. All coverage is subject to approval of your application and payment of your first premium.

Then ...

Review the plan deductible. Deductibles range from \$1,000, \$1,500 or \$2,500 for a Deluxe plan, \$2,000, \$3,000 or \$5,000 for a Standard plan, and \$5,000, \$7,500 or \$10,000 for an Economy plan. A family out-of-pocket limit is three times the individual out-of-pocket limit.

Understand coinsurance. Coinsurance is the percentage of covered expenses you are responsible for after your deductible is met. Pivot Health plans have 20% or 30% coinsurance options. For example, once you meet your deductible, your insurance pays 80% and you pay 20% of your covered medical bills up to your out-of-pocket limit. Out-of-pocket limits vary by plan, and not all benefits are subject to coinsurance. Review your insurance certificate for further details.
